How Your Team Can Help Make a Difference

Donate Food

We are asking each of our CCYF Teams to again aggressively collect food to help families and children in need. Each year with your exceptional help, the food drive has shown tremendous growth.

Last year, we again recorded the 2nd largest collection of food for one event in all of Clark County with over **100,000 pounds of food collected!** Those teams that collected food from their workplace, friends, family and neighbors were the most successful.

Donate Funds

Cash contributions are used to purchase food such as peanut butter and tuna or bulk items like rolled oats and rice at wholesale prices. These products are intended to augment or round out the diets of those in need. A donation of \$15.00 is enough to provide a balanced diet to a family of four for 3-5 days in the form of an emergency food box!

Please feel free to donate cash. Every \$1 donated will count as 3 additional pounds of food for your team!

Donate Time - Volunteers Needed

We need each team to provide **1** volunteer to assist with turning in your team's food and cash donations. This will be a short 1 hour commitment that we will schedule for the hour prior to your team's game during team pictures.

By sending 1 volunteer your team will earn 100 Bonus lbs once your shift is complete!
