

GAYNORS
AUTOMOTIVE

Tom & Holly Gaynor started Gaynor's Automotive in 1986 in a tiny three bay shop with just a handful of employees. Since that time Gaynor's Automotive has grown to four locations throughout Clark County with 35 employees.

Tom Gaynor has grown his business so successfully by showing his customers that honesty and integrity are two things that they can count on with Gaynor's Automotive. We strive to provide honest, dependable workmanship and we go that extra mile to provide exceptional customer service. These simple, but imperative, business practices were spelled out in our corporate vision over fifteen years ago. Also spelled out in that vision was that Gaynor's Automotive wants their employees to be proud of where they work so that they will work there through retirement.

This year the employees of Gaynor's Automotive would like to thank Tom Gaynor, and his sons Tommy & John. The Gaynor's have shown the same integrity with all of those who have worked for them throughout the years. Tom has shown that he understands that life's ups and downs don't always have perfect timing. Whether it has been illness, injury, or family crisis Tom's generosity and kindness has always been something we could count on. His empathy for the hardships that we all face at some point in our lives have made his employees extremely loyal to him and the Gaynor family as well.

Happy Thanksgiving

Tom Gaynor and the Gaynor Family

All you do and have done throughout the years has been noticed and appreciated.
